

# New OASIS-C Data Collection Rules & Guidance

Presented By:

## Blueprint for OASIS Accuracy Two day OASIS-C program

Spend **two intense and fun days** learning all there is to know to collect the OASIS-C accurately. Understand the specifics of the new items, changed items and process measures. Learn what you need to know about changes to data collection rules and conventions. Demonstrate mastery of learned concepts through participation in application scenarios.

### Educational Goals:

- To support the educational needs of home health clinicians in achieving comprehension and accuracy in OASIS data collection using guidelines established by the Centers for Medicare & Medicaid Services (CMS)
- To enhance compliance with the OASIS Prospective Payment System (PPS)
- To provide a preparatory review for candidates for the **COS-C (Certificate for OASIS Specialist-Clinical) examination**
- To provide the learner with the **latest CMS documents** to facilitate researching answers to future questions and to support data collection in special situations

The **Blueprint for OASIS Accuracy** workshop offers effective, timely, comprehensive and at times, entertaining education, directed at **the field data collectors and their supervisors**. Rather than provide opinions, assumptions, or unfounded interpretations, the "*Blueprint*" presenters will provide up-to-the-minute education on what information IS available and what questions remain unanswered.

**Two OASIS experts** at each training offer the motivated learner the highest quality and most preferred OASIS training available with unprecedented access for questions.

DATE  
**MARCH 14<sup>TH</sup>-15<sup>TH</sup>,  
2012**

REGISTRATION  
7:30AM-8:00AM

WORKSHOP  
8:00AM- 4:00PM

## WORKSHOP FACILITATORS:

### **Kim Corral, BSN Ma Ed HCS-D COS-C**

**Kim** is a registered nurse, practicing since 1984. She has held both clinical and operational positions at the regional and national level. Kim has extensive experience **speaking for national home care organizations** on OASIS data collection and strategies, documentation standards, operational processes to support OASIS and ICD-9 coding accuracy. She holds both the **Certificate for OASIS Specialist-Clinical** and the **Home Care Coding Specialist-Diagnosis** certification. Kim is an **Associate Consultant** with OASIS ANSWERS, Inc.

### **Debbie Chisholm, RN BSN CPHQ COS-C**

**Debbie** is a registered nurse practicing since 1978 in critical care, home health, hospice, and quality improvement. She served as the Home Health Manager at the **Delmarva Foundation for Medical Care** where she was involved in the national implementation of **OBQI**. She was trained in OASIS at the **Center for Health Services Research, at the University of Colorado** and provided OASIS education for the **CMS Data Accuracy Verification (DAVE) Project** as well as the **OASIS Education Coordinators**. Currently she manages the **CMS OASIS Q&A Mailbox** contract and provides content expertise. Debbie is a **Certified Professional in Healthcare Quality (CPHQ)**, has earned the **Certificate for OASIS Specialist - Clinical (COS-C)** designation, and is a **Senior Associate Consultant** with OASIS Answers, Inc.
