November 3, 2011

Dear Friends:

Thank you for inviting me to the New Jersey Home Health Aide Recognition Day event. I am delighted to join you in recognition of our state's home health aides as we approach National Home Care Month.

I congratulate all of our home health aides whose work and mission is characterized by consistent devotion to providing high quality home care, hospice and assisted living services. The service that your industry provides is an invaluable asset to our state's communities.

I would also like to recognize and send my best wishes to the recipients of the Rookie of the Year Award and Home Health Aide of the Year Award. Through their commitment to our communities, they have exemplified the ideals of all home care providers and are truly deserving of this honor.

The work of home health aides provides consistent support to and enriches the lives of patients of all ages. Please rest assured that I will continue to work in the United States Senate to help promote home care services and support the exemplary work you do every day.

Once again, thank you for giving me the opportunity to offer my congratulations to everyone here tonight. Congratulations again on another successful year, and may the coming years bring new challenges, rewards, and more success. Enjoy the evening.

Sincerely,
