

“What Home Care Providers Need to Know About Health Care Reform”

A Teleconference Presented by
Elizabeth E. Hogue, Esq.

Health Care Attorney & Consultant, Washington, D.C.

Thursday, September 9, 2010

1:00pm to 2:30pm EST

(registration deadline 9/2/2010)

Health care reform will undoubtedly result in changes with far reaching effects on home health agencies, hospices, and home medical equipment (HME) companies. There will, for example, likely be significant changes regarding patients' right to freedom of choice of providers. Increased utilization of telemedicine makes it important for providers to know how to manage their risks related to its use. Providers will likely also be subject to more stringent fraud and abuse compliance requirements. The purpose of this audio-conference is to provide insight and details regarding these changes with an emphasis on practical application to operations.

How to Register...

Complete the Registration Form and return to Home Care Association of NJ. Registered locations will be sent an e-mail confirmation prior to the scheduled date of each audio-conference with dialing information and a web link to download handout materials and/or resources. Join the call by dialing the toll-free number and giving the conference ID number. Gather your staff and listen via speakerphone to the presentation, follow along with the handouts and participate in live, interactive Q&A.

Educational Objectives:

- ◆ Describe likely changes regarding patients' right to freedom of choice as a result of health care reform.
 - ◆ Identify two ways in which providers can manage risks associated with telehealth.
-

About the Speaker:

Elizabeth E. Hogue is an attorney in private practice with extensive experience in health care. Her clients are professional associations, managed care providers, and institutional health care providers, including hospitals, long-term care facilities, home health agencies, DME companies, and hospices. She has also represented a number of individual providers and case managers concerning health-related issues.
