EVV Vendor Webinar Series

Tuesdays, 1:00-2:00pm

Free for Members!

Non-Members: \$100 for full series

The NJ Department of Human Services is moving forward with “deliberate speed” to implement the federal EVV mandate. New Jersey is developing a hybrid model for EVV, allowing agencies to use their current EVV vendor or choose any vendor that can collect and transmit the required data elements.

To help agencies without a current EVV vendor to make informed purchasing decisions, the Home Care & Hospice Association of NJ offers this webinar series showcasing some of the different vendors available. Each webinar will feature a different vendor demonstrating their platform.
